***Please Note: The 1 kilo and 10oz sizes won't be available at launch.**

A common guest of residential Australian gardens, the kookaburra is the largest member of the kingfisher species. The Perth Mint is pleased to present three bullion coins featuring the kookaburra, meticulously struck from 99.99% pure silver in 1 kilo, 10oz and 1oz sizes.

Kookaburras gather at dusk and dawn to declare territorial boundaries with shrill, cackling laughs. Having first heard the call of the Australian Kookaburra in 1990, investors have been faithful to the iconic silver series for more than three decades.

Only 500,000 1oz coins will be released. No mintage limit applies to the 1 kilo and 10oz coins, however production will close at the end of 2024 and The Perth Mint will declare each coin's official mintage.

Each coin in this program is issued as legal tender under the Australian *Currency Act 1965*.

DESIGN

Each coin's reverse portrays a kookaburra in flight over a gorge with a snake in its talons. All coin designs incorporate the inscription 'KOOKABURRA', a 'P125' mintmark signifying The Perth mint's 125th anniversary, the 2024 year-date, the weight and purity.

The obverse of each coin bears the Dan Thorne effigy of His Majesty King Charles III, and the monetary denomination.

AUTHENTICATION FEATURE

Each coin's reverse includes a security feature in the form of a micro-laser engraved letter within the coin's design. It is only detectable under a magnifying glass.

PRESENTATION

Each bullion coin is presented in a protective acrylic capsule.

PRICING

Standard bullion coin premiums apply to wholesale distributors. No recommended retail prices are provided.

RELEASE & EMBARGO DATES

Please note, photography of these coins may be used in advertising from the embargo date of 17 January 2024, and they must not be sold prior to the release date of 17 January 2024.
