## THE BEST OF BRITISH MYTHS & LEGENDS

The Royal Mint's new bullion coin collection, inspired by British myth and legend, explores tales that are so enchanting they have been passed down through generations and are still celebrated today.

The first three-coin collection explores the story of Robin Hood, beginning with the hero himself. Robin Hood has existed through the retelling of adventures since the fourteenth century, as the bold archer who stole from the rich to give to the poor, and is often accompanied by his companions Maid Marian and Little John.

## A LEGENDARY DESIGN

The design for the Robin Hood 2021 bullion coin was created by Jody Clark, who also designed the fifth definitive coinage portrait of Her Majesty The Queen, which features on the obverse of this coin. The design draws upon legend, depicting Robin Hood with a bow in hand amongst the oak branches of Sherwood Forest.

“I wanted to represent each character in the forest around them, so with Robin, there are zig zag dynamic lines for the action hero.”

Jody Clark, Coin Designer
