

## AUSTRALIAN LUNAR SERIES III

### 2027 Year of the Goat Gold Bullion Coins

The Perth Mint is proud to present these beautifully crafted gold bullion coins to celebrate the Year of the Goat, the eighth of twelve animals associated with the ancient Chinese lunar calendar.

According to Chinese tradition, the emperor ordered a great race between all the animals on Earth to determine who should occupy 12 positions in the lunar calendar. In pursuit of the seventh-placed horse, the gentle and determined goat travelled alongside the monkey and the rooster. As they approached the finish line, the trio worked together to cross the wide river. Leading the way, the goat reached the other side and crossed the line to claim eighth place.

Those born under the sign of the Chinese Lunar Goat in 2027, 2015, 2003, 1991, 1979 and every 12th preceding year are said to be gentle, creative, and compassionate. Known for their calm nature and resilience, they are often admired for their artistic talents and thoughtful approach to life.

The coin's reverse features a majestic goat standing proudly on a mountain plain, with rugged terrain and a solitary tree visible in the distance. Included in the design is the Chinese character for 'Goat', the inscription 'GOAT 2027', and The Perth Mint's 'P' mintmark.

No mintage limit applies to the 10oz, 2oz, 1/2oz, 1/4oz, 1/10oz, and 1/20oz coins. However, production of these coins will close at the end of 2026 when The Perth Mint will declare each coin's official mintage. The Perth Mint will produce no more than 30,000 1oz coins. Production will cease when the mintage is fully sold or at the end of the series, whichever comes first. Due to the low mintage of the 1oz size it is highly sought-after and is sure to sell out fast.

#### AUTHENTICATION FEATURE

The reverse of the 1oz, 2oz and 10oz coins includes a security feature in the form of a micro-engraved letter within the design. Intended to make the coin significantly more difficult to counterfeit, it is only detectable under a magnifying glass.
