The Perth Mint is proud to present this exclusive 2026 Australian Swan Perth Money Expo ANDA Coin Show Special.

Swans are commonly seen in wetlands, river estuaries, bays and great lakes throughout Australia, from the east to west coast. Where wetlands areas are permanent, the swans are thought to be sedentary. However, if the wetlands dry out, they are capable of taking flight in search of suitable habitat. They have been sighted in semi-arid region including Central Australia, where there are semi-permanent and permanent waterholes.

The coin's coloured reverse depicts a magnificent black swan soaring above a picturesque lake set amongst a tranquil countryside. The background features a vibrant rainbow stretching across the sky with drifting clouds. Also included in the design is the inscription '2026 1oz 9999 AUSTRALIAN SILVER SWAN' and a 'P10' mintmark, signifying the tenth anniversary of the swan design released by The Perth Mint. This is the tenth design from this popular series which continues to boast a strong track record of sell outs.

SHOW SPECIAL ORDERING PROCEDURE

Carefully consider the quantity recorded on your Expression of Interest (EOI) form as the confirmation of your EOI for show special products will be considered a firm order. Once the product becomes available, you will be invoiced for the full quantity recorded on your confirmation of allocation form and they will be dispatched in one shipment. This policy applies to show special products.
