

2020 Yale of Beaufort Ten-Ounce Silver Bullion Coin

Inspired by ancient symbols of power and identity, The Queen's Beasts collection from The Royal Mint brings to life the ten imposing statues that lined the entrance to Westminster Abbey at the coronation of Her Majesty The Queen in 1953.

One of those ten majestic beasts is the legendary Yale of Beaufort. Described as the size of a hippopotamus with the tail of an elephant, the mythical yale bears the jaws of a boar and a fittingly regal gold-spotted coat.

Invest in Royal Heritage

Bullion has been chosen as an investment by individuals, governments and organisations for hundreds of years. In more recent times, people have considered it a hedge against stock market volatility and geopolitical events. With silver more accessible than ever before, could now be the right time to diversify your investment portfolio?

This ten-ounce silver bullion coin presents a new investment opportunity in this range and is also available as a one ounce platinum edition.

The yale descends to The Queen through Henry VII, who inherited it from his mother, Lady Margaret Beaufort – a central figure in the Wars of the Roses and matriarch of the Tudor dynasty.

The secure, detailed chainmail background texture is a signature of this bullion collection.

The most prominent feature of the yale is its horns which Royal Mint designer Jody Clark has chosen as a focal point in the coin's design.

Jody Clark also designed the portrait of Queen Elizabeth II that appears on the obverse of The Queen's Beasts coins.

Struck in 999.9 fine silver reflected in the coin's inscription.
