| Availability | Worldwide |

Celebrate the Year of the Horse with this 1oz minted rectangular coin, crafted from 99.99% pure silver, combining cultural significance with investment value.

In Chinese astrology, each of the twelve zodiac animals is believed to impart its defining traits to individuals born during its designated year. The Horse, seventh in the zodiac cycle, symbolizes vitality, speed, and perseverance. People born in Horse years—such as 2026, 2014, 2002, 1990, and every 12th preceding year, are traditionally seen as energetic, independent, and charismatic, often possessing a natural charm and a love for adventure.

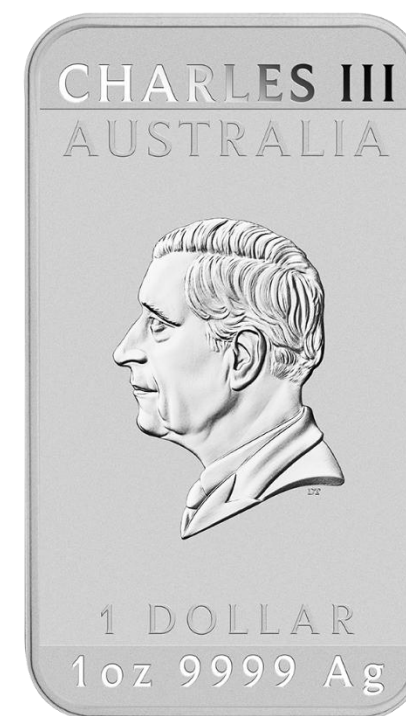

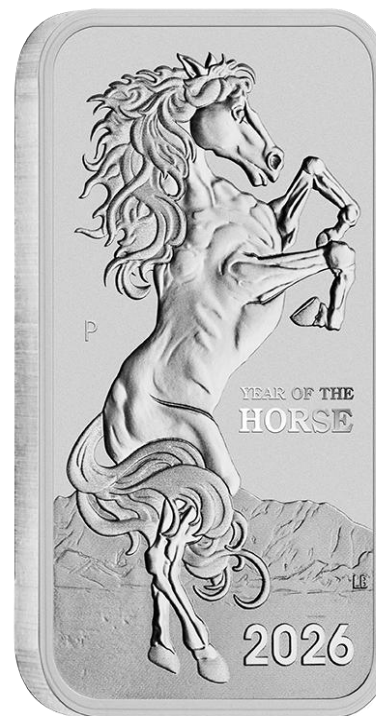

This carefully crafted pure silver rectangle coin features a minted impression of a majestic horse with beautiful mane. Included in the design is the inscription 'YEAR OF THE HORSE' and the 2026 year-date. On the obverse, the coin is stamped with the Dan Thorne effigy of His Majesty King Charles III, alongside details of its weight, fineness and monetary denomination.

These silver rectangle coins are presented in protective acrylic tubes of 20 bars. Each tube is sealed with The Perth Mint's tamper evident security seal. There are 10 tubes to a monster box.

Authentication feature

The rectangular coin incorporates authentication features. In the form of multiple micro-laser engraved letters, they are only detectable under a magnifying glass.
