THE **5** GOLD
BIG BULLION

Big 5 Series I Bullion

From the makers of the iconic Krugerrand, comes a new 24ct gold bullion coin series inspired by Africa's legendary Big 5.

Prestige Bullion's Big 5 gold bullion coin series follows the successful Big 5 collectable coin series, created as a celebration

of Africa's unique natural heritage, strength and beauty.

The Big 5 bullion range will introduce a new animal every five years, beginning with the elephant, followed by the lion, the rhino, the leopard and lastly, the buffalo.

The African elephant is a symbol of strength and family unity. It is the largest living land animal and one of our most intelligent species.

The Big 5 gold bullion coin series will forever be a mark of craftsmanship and quality in preserving lasting wealth.
